### NOTES TO THE STATEMENT OF FINANCIAL CONDITION

**DECEMBER 31, 2007** 

### 1. NOTES ON SIGNIFICANT BUSINESS ACTIVITIES

Dru Stock, Inc. was originally formed and organized, in June 1980, under the laws of the State of Illinois. Effective November 17, 2006, Dru Stock, Inc. converted from an Illinois corporation to a newly formed New York corporation, by way of merger. The New York corporation, Dru Stock, Inc. (the "Company"), acquired substantially all of the assets, assumed substantially all of the liabilities and is continuing the business of the Illinois corporation. There was no change of ownership or control as a result of the merger. The Company registered as a broker with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA). In this capacity, it conducts business as a broker on the floor of the New York Stock Exchange.

In the normal course of its business, the Company enters into financial transactions where the risk of potential loss due to changes in market (market risk) or failure of the other party to the transaction to perform (counterparty risk) exceeds the amounts recorded for the transaction.

The Company's policy is to continuously monitor its exposure to market and counterparty risk through the use of a variety of financial, position and credit exposure reporting and control procedures. In addition, the Company has a policy of reviewing the credit standing of each broker-dealer, clearing organization, customer and/or other counterparty with which it conducts business.

The clearing and depository operations for the Company's transactions are performed by its clearing broker pursuant to the clearance agreement. At December 31, 2007, the receivable from brokers and dealers reflected on the statement of financial condition included \$309,202 due from this clearing broker was substantially in cash.

### 2. SIGNIFICANT ACCOUNTING POLICIES

The Company records securities transactions and related revenues and expenses on a trade date basis.

For purposes of the statement of cash flows, the Company considers money market funds to be cash equivalents.

The Company maintains its books and records on an accrual basis in accordance with accounting principles generally accepted in the United States of America which requires management to make estimates and assumptions that affect reported amounts in the financial statements.
